Hi Lorna,

We have the acceptance date for this article recorded as 21/12/2021 and the author uploaded the accepted manuscript on 27/01/2022. So this has met the deposit requirements. We hadn't yet updated it to published online, so thanks for bringing this to our attention. We've done that now and the paper is under a 12 month embargo, so within allowed limits and the paper will therefore meet REF access requirements as well.

I've attached a copy of the accepted manuscript as requested.

Kind regards,

Steve

Hello,

Please could you confirm for me that the following article was added to your repository within the REF compliance timescale please? i.e. Was an eligible version deposited within 3 months of acceptance, and made accessible within one month of deposit/end of embargo period?

Please can you also send me the Author Accepted Manuscript so that I can add it to our record. I understand it is currently under an embargo.
